## 20 reasons to join the therapy team!

1. Part of an integrative, multidisciplinary team focused on collaborative work to change healthcare provision in Spalding - no more working alone!
2. Strength in numbers - all therapists and instructors working together to drive their own business forward
3. Shared resources - buyer power - all costs shared, saving you money, or gaining greater impact for the same amount
4. Being part of a highly professional establishment, with an already strong reputation in Spalding and South Holland
5. Established links with South Holland District Council and local health agencies
6. Waiting room and reception area, disabled toilet facilities
7. Allocated free parking spaces for your clients
8. Central location, all ground floor, and step free throughout the whole building
9. Community groups and other users of the clinic will read about you and get to know more about what you have to offer - even when you're not there
10. Flexible room hire arrangements - half and full day sessions available
11. Access to in-house training courses and workshops - work, learn and develop as a team!
12. A fully integrative website and branding organised with you to help you gain maximum impact

13. Fully serviced reception staff on hand, over 45 hours a week, to meet and greet your clients, with a warm friendly welcome, make bookings, deal with payments, help with enquiries all on your behalf - even when you are not available. Allows you to work smarter and gives you a more professional edge
14. A clean, welcoming and furnished treatment room, fully maintained and ready for you to walk into each day
15. Collaboratively putting integrative healthcare on the map for Spalding and the area, raising the awareness of what we all have to offer
16. Full social media promotion including facebook and twitter
17. In-house promotion throughout the building – leaflets and fliers, notice board in waiting area
18. A large database of clients to whom we send a monthly e-newsletter – over 900 subscribers
19. Cross-referral of clients – knowing you can safely refer to someone within the clinic. Develop your own understanding of different therapies so you can truly help your clients move forward
20. Opportunities through grant funded projects run through Tonic Health for paid service provision, and for promotion of your work within projects
